## Take Home a Great Gift! St. Pete Pier Cookie Cutter

Announcing a new super souvenir and memento of The St. Petersburg Pier! Recently, Nicolette was at The Pier to debut her Pier Cookie Cutter, designed to replicate The St Petersburg Pier. "Take home a memory!" Since The Pier is such an historical landmark, these were created for all who love or visit St. Petersburg. The included recipe is a "must-bake" – Sweet Pecan and Coconut Sugar Cookies. Mmmm... the pecan cookie is topped off with a coconut icing and together the flavors are "to die for"! All visitors will be taking home a memory of palm trees and sugary sands every time they bake Pier cookies.

The complete package includes the Cookie Cutter, a glossy postcard featuring Pier photos from 1937, 1955, and present, with the recipe on the reverse side and all in an organza bag. Perfect for gift giving! Pier cookies would be really unique for those holiday cookie exchanges. Be creative!

Currently, the Cookie Cutters can be purchased at Peppers on The Pier or from Nicolette directly.

"I am currently looking for perfect locations to help me distribute The Pier Cookie Cutter, so any interested business can contact me for consideration. I can't wait to see how creative folks are in cookie decorating!" adds Nicolette.

Kids! Teachers! You can also use clay to make Pier shaped ornaments! Send Nicolette pictures of your cookie design and she will post them on her web site. [www.NicolettesShop.com](http://www.NicolettesShop.com)

Get your Pier Cookie Cutter at Peppers on The Pier.
